1. Am I an unpaid Carer?

A carer is a person of any age who looks after a family member, partner or friend who needs help because of their illness, frailty, disability, a mental health problem or an addiction and cannot cope without their support. The care they give is unpaid.

2. How do I get support as a Carer?

If you provide unpaid care for a family member or friend, you might need support to help you look after your own health and wellbeing.

The Council's Adult Social Care Department can arrange for an initial assessment of your needs to help you continue in your role as carer, even if the person you care for does not receive care and support from us. You can request your free assessment by contacting the Council's Adults Access Team on 01642 771500.

Alternatively, if you would prefer you can contact one of the local providers that we (the Council) commission to provide our South Tees All Age Carers Support Service (contact details are provided in Table 1 below).

3. Do I have to live in Redcar and Cleveland to get support?

No, as a carer you do not have to live in the borough as long as the person needing care and support lives in Redcar & Cleveland.

4. What happens after my initial assessment?

Following an initial assessment, if it is agreed that you need further support from the Council, your details will be passed to an Adult Social Care Practitioner to carry out a full carer's assessment. The assessment looks at the impact the caring role has on your wellbeing and the type of support you may need. A plan will then be developed to help with your needs.

If your assessment indicates that your needs can be met in the community, you will be referred to one of the organisations we

commission to support services to carers of all ages (as detailed in Table 1 below).

5. What support is available within my Community?

Whether or not you receive support from the Council, you are able to access community support to meet your needs. The table below (Table 2) outlines what you can expect from each service. The services in the table compliment one another to ensure that you have easy access to the support you need when you need it.

All the Adult Carers Information and Support Service providers hold a directory of support groups and activities that may be of interest to you; to access this information you can contact them directly or access their websites.
